2. From time to time Council may form a Committee, Working Party or Steering group to examine specific subjects and then report to Council.
3. Generally, all meetings are open to the public; however, from time to time Council will be required to deal with personal, legal and other sensitive matters. On those occasions Council will generally close that part of the meeting to the public. Every endeavour will be made to do this as the last item of business of the meeting.
4. **Public Question Time:** It is a requirement of the Local Government Act 1995 to allow at least fifteen (15) minutes for public question time following the opening and announcements at the beginning of the meeting. Should there be a series of questions the period can be extended at the discretion of the Presiding Member.  - A minimum of 15 minutes is allocated to Public Question Time. A member has 2 minutes to submit a question.
 - You may ask up to 2 questions before other members of the public will be invited to ask their questions to ensure all have an equal and fair opportunity to ask questions.
 - The Presiding Member may elect for written questions to be responded to as normal business correspondence.
 - The Presiding member may decide that a question shall not be responded to where:
 - the same or similar question has been asked at a previous meeting and a response has already been provided;
 - a statement has been made and is not reformed into a question; or
 - a question is offensive or defamatory in nature and is not reformed into a question.
 - A question may be taken on notice by Council for a later response. Responses will be provided in writing to the member and a summary will be included in the agenda of the next meeting of Council.
 - Members of the public are encouraged to raise matters relating to operations and administration through the Shire's Customer Request system.
 - At a Special Meeting of Council, only questions relating to the purpose of that meeting may be raised.
 - Should you wish to provide written questions prior to the meeting so that an appropriate response can be prepared, please submit them at least 72 hours prior to the Council meeting at which you wish them to be presented.
5. **Councillors** may from time to time have a financial interest in a matter before Council. Councillors must declare an interest and the extent of the interest in the matter on the Agenda. However, the Councillor can request the meeting to declare the matter **trivial, insignificant or in common with a significant number of electors or ratepayers**. The Councillor must leave the meeting whilst the matter is discussed and cannot vote unless those present agree as above.
6. **Members of staff**, who have delegated authority from Council to act on certain matters, may from time to time have a financial interest in a matter on the Agenda. CORPORATE AND COMMUNITY		CC03-04/21
Subject:	CC03-04/21 Request to waive hire fees – Tennis Club	
Author:	F Boksmati, Community Development Officer	
Responsible Officer:	D Chandler, A/Manager Corporate Community	
File Reference:	3.0706	
Voting Requirements:	Absolute Majority	

Council Role:

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive** The substantial direction setting and oversight role of the Council e.g. performance of the Local Government’s function under law, administration of Local Laws, adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- Legislative** Includes adopting local laws and local planning schemes.
- Review** When Council reviews decisions made by Officers.
- Quasi-judicial** When Council determines an application/matter that directly affects a person’s rights and interests. The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:

For Council to consider waiving a portion of the season package fee for the Dongara Tennis Club.

Background:

The Dongara Tennis Club (the Club) is charged by the Shire an annual season package fee of \$5,495 including GST for use of the facilities at the Irwin Recreation Centre, including the hire of the Ocean Room and tennis courts.

The Shire received a letter from the Dongara Tennis Club on 1 February 2021 requesting that the season package fees be reduced due to the Club’s membership being in decline with only 24 members paid up for this season with an average of 12 players turning up to play each week. In addition, the Club has had limited opportunities to fundraise with significant events being cancelled last year, such as the Midwest Show and Shine and Larry Lobster Festival as well as several Drive-In screenings cancelled due to COVID-19. Further information is outlined in the letter provided as Attachment 1.

The Club’s income is unable to cover costs associated with equipment, Tennis West affiliation, and the Shire’s season package fee. The Club is therefore requesting that the season package fee be reduced by \$2,500 including GST to ensure long term sustainability of the Club.

Officer’s Comment:

Council has delegated authority to the Chief Executive Officer to waive fees up to a value of \$1,000 including GST, however given this request exceeds this limit, it is presented to Council for consideration.

It is recommended that Council grant this request to the Dongara Tennis Club for the 2020/21 financial year to ensure sustainability of the Club and continued use of the tennis courts at the Irwin Recreation Centre, with ongoing season package fees reviewed each year as part of the budget process.

Consultation:

The Club has previously consulted the Shire’s Coordinator Recreation Services.

Statutory Environment:

Local Government Act 1995

- s.6.12 Power to defer, grant discounts, waive or write off debts

Register of Delegations - Council to CEO

- CEO120 Defer, Grant Discounts, Waive or Write off Debts

Policy Implications:

Nil.

Financial/Resource Implications:

Subject to Council approving this request, the Dongara Tennis Club will be invoiced \$2,795 including GST for the season package.

Strategic Implications:

Strategy 3.2.2 Support the strong sporting culture that shapes the Shire of Irwin's identity and lifestyle.

Officer Recommendation:

RECOMMENDED:

That Council, by Absolute Majority, grant the Dongara Tennis Club's request by reducing the 2020/21 season package fee for hire of the Ocean Room and tennis courts by \$2,500 including GST.

CORPORATE AND COMMUNITY		CC04-04/21
Subject:	CC04-04/21 Change of source of funds for SIHI Aged Appropriate Housing Project and Denison Bowling & Recreation Club Inc. artificial bowling green project	
Author:	P Godfrey, Manager Finance	
Responsible Officer:	S Ivers, Chief Executive Officer	
File Reference:	3.00073	
Voting Requirements:	Absolute Majority	

Council Role:

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.

The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:

For Council to consider reverting back to the original source of funds for both the SIHI Aged Appropriate Housing Project and Denison Bowling & Recreation Club Inc. artificial bowling green surface project.

Background:

On 8 April 2021, two agenda items were presented to Council to change the source of funds for the SIHI Aged Appropriate Housing project (CC01-04/21S) and Denison Bowling & Recreation Club Inc. artificial bowling green surface project (CC02-04/21S). In these items was a request to withdraw the funds from the Asset Management Reserve instead of from a loan.

These items were approved by Council at the 8 April 2021 Special Council Meeting and on the following day the Western Australian Treasury Corporation (WATC) notified the Shire that the loan applications for these projects had been approved.

Officer’s Comment:

As the loans have now been approved, there is no longer a requirement to remove the funds from the Asset Management Reserve, therefore a resolution is required to retain the funds in the Reserve and to utilise the funds from the recently approved loans to fund the projects.

Consultation:

Nil.

Statutory Environment:

Local Government Act 1995

- b) Authorises the amount of \$355,010 for the Denison Bowling & Recreation Club Inc. artificial bowling green surface project to remain in the Asset Management Reserve.**

Author:	D Chandler, A/Manager Corporate & Community	
Responsible Officer:	S Ivers, Chief Executive Officer	
File Reference:	3.00027	
Voting Requirements:	Simple Majority	

Council Role:

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive** The substantial direction setting and oversight role of the Council e.g. performance of the Local Government’s function under law, administration of Local Laws, adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:

For Council to consider endorsing the report to be provided to the Minister for Local Government, addressing significant matters raised in the 2019/20 Audit, in accordance with Section 7.12A (4) of the *Local Government Act 1995*.

Background:

The Shire of Irwin’s 2019/20 Annual Financial Statement was audited by Moore Australia on behalf of the Office of the Auditor General (OAG). Auditing laws require local governments to examine an audit report it receives and implement appropriate action in respect to the significant matters raised. Local governments must prepare a report addressing the significant matters identified in the audit report.

Section 7.12A(4) of the *Local Government Act 1995* states that a local government must:

- a) *prepare a report addressing any matters identified as significant by the auditor in the audit report, and stating what action the local government has taken or intends to take with respect to each of those matters; and*
- b) *give a copy of that report to the Minister within 3 months after the audit report is received by the local government.*
- c) *Within 14 days after a local government gives a report to the Minister under subsection (4)(b), the CEO must publish a copy of the report on the local government’s official website.*

Officer’s Comment:

The Shire of Irwin received the Audit Opinion from the Office of the Auditor General on 4 February 2021. The result of the audit was satisfactory and the following material matters indicate significant adverse trends in the financial position of the Shire:

- The Current Ratio as reported in Note 34 of the annual financial report has been below the Department of Local Government, Sport and Cultural Industries’ standard for the past three financial years.

- The Asset Sustainability Ratio as reported in Note 34 of the annual financial report has been below the Department of Local Government, Sport and Cultural Industries' standard for the past three financial years.
- The Operating Surplus Ratio as reported in Note 34 of the annual financial report has been below the Department of Local Government, Sport and Cultural Industries' standard for the past three financial years.

The Report – Office of the Auditor General 2019/20 Performance Audit was prepared to address these significant adverse trends and was endorsed by the Shire of Irwin Audit Committee on Thursday 22 April 2021. The report is now presented as Attachment 1 for Council's endorsement before being provided to the Minister.

Consultation:

The Shire of Irwin Audit Committee reviewed and endorsed the report at their meeting held 22 April 2021.

Statutory Environment:

Local Government Act 1995

- Section 7.12A(4)

Policy Implications:

Nil.

Financial/Resource Implications:

The report identifies actions taken and intended to be taken to address the significant matters raised in the 2019/20 Audit. These actions will affect future budget considerations.

Report Purpose:

For Council to consider the subdivision proposal and advise the Western Australian Planning Commission of any comments, information or recommended conditions pertinent to the subdivision of Lots 5-16, 150 & 210 Blenheim Road and Lot 61-62 Point Leander Drive, Port Denison.

Background:

The subject land, being Lots 5-16, 150 & 210 Blenheim Road and Lot 61-62 Point Leander Drive, Port Denison, covers an area of 8000sqm and consists of sixteen (16) existing lots of varying sizes of which some in size and configuration would not facilitate residential development. The land is situated to the north-east of the Blenheim Road and Point Leander Drive roundabout in Port Denison.

The subject land is within the Residential Zone with a density coding of R30 (30 dwelling units per hectare). Surrounding land is zoned Residential with a mix of R12.5 and R30 densities.

The subdivision proposes the creation of eleven (11) residential lots ranging in size from 583sqm to 679sqm and creation of a 15m wide road reserve. All lots are to be fully serviced with reticulated water and sewer.

The Western Australian Planning Commission (WAPC) is the decision-making authority for the subdivision of land. The process prior to a decision requires the WAPC to consult with relevant agencies, in which the relevant local government (Shire) is one of several referral bodies. The Shire's involvement at the referral stage is to provide comments and recommend local government applicable conditions for the WAPC to consider when making the final decision.

Officer's Comment:

The proposed subdivision is consistent with the Shire's planning framework and is generally supported for providing infill residential development in a suitable location. However, there are some concerns in respect to the road layout, lot sizes associated with the existing density coding and provision of public open space which are covered below.

Proposed road

The subdivision proposes a new road connection with Blenheim Road to service lots 4-11 and provide future connection north. This new road intersection is approximately 100m east from the Blenheim Road/Point Leander Drive roundabout and approximately 40m from Cuff Way to the west. Francis Road also accesses Blenheim Road approximately 180m east from the proposed new road.

Blenheim Road is an important local road providing the function of an 'Integrator Arterial' route type as characterised by Liveable Neighbourhoods 2009/2015. Point Leander Drive and the nearby roundabout is part of a significant arterial route for the towns of Dongara and Port Denison. The intent is to limit new local roads and access to Blenheim Road and Point Leander Drive due to their significance as arterial routes for the locality. Whilst the Shire's current Local Planning Strategy and Dongara-Port Denison District Structure Plan are silent on access considerations to Blenheim Road, it is evident this section of Blenheim Road should have limited access points. This can be seen in the residential development immediately to the south, where road and private access of residential lots on to Blenheim Road was avoided. The proposed addition of a new local subdivision road at this location is not considered to be a good outcome and is not considered necessary to achieve the intended subdivision of the site.

In respect to other road access matters, it is noted the Point Leander Drive road widening proposed on lot 1 is required as indicated by the Local Planning Scheme reservation and no private access for lot 1 to Point Leander Drive would be permitted due to proximity to the roundabout.

Regarding the access for lots fronting Blenheim Road with no other road frontage (including lot 1), an access option needs to be investigated with the objective of placing their lot access as far from the roundabout as possible. It is noted prohibiting lot access for lots 1-3 on to Blenheim Road is not a practical outcome. Ideally this access option would combine the crossover of lots 1 and 2 to Blenheim Road to a crossover point at the eastern boundary of lot 2 or 3 which is similar to that detailed by the Applicant in the subdivision report (Attachment 2).

Public Open Space (POS)

The Applicant mentions the absence of POS with the subdivision proposal as a result of POS being dealt with in previous subdivision of the subject land. There is no evidence of this provided with the application however the State's Development Control Policy 2.3 - Public open space in residential areas (DC 2.3) requires the provision of 10% POS for all residential subdivisions.

Due to the small scale of the subdivision and location close to a major roundabout, the Shire could accept cash in lieu. A contribution would be relatively minor considering only 11 lots are proposed but in viewing the residential precinct, there would be an expectation for the provision of POS in that locality. For this reason, it is recommended the model subdivision condition for provision of POS be imposed. In the event there is historic evidence regarding the POS provision, the WAPC can elect not to impose this condition.

Local Planning Scheme

Clause 5.25 of the Local Planning Scheme stipulates that the Shire may require the preparation of a structure plan for residential subdivision. Due to the small lot yield and minimal impact to the future development of the locality, it is considered that a local structure plan or local development plan is

unnecessary.

The proposed lot sizes however do reflect a lower density (closer to R17.5), which according to the Applicant, is in response to market demand and local supply. The 600sqm lots could result in further subdivision under the existing R30 density coding which supports an average lot size of 300sqm. This could effectively result in 11 occurrences of 2-lot subdivisions, of which all could be battle-axe configurations due to the narrow lot width that would result otherwise. This would not be an ideal outcome for the particular site and conflicts with the State's Development Control Policy 2.2 - Residential Subdivision (DC 2.2) which aims to avoid the creation of battle-axe lots where possible.

One solution to this could be requiring the preparation of a Local Development Plan (LDP) to analyse and address further infill subdivision; however, the creation of LDP's across small subdivisions is generally avoided. Another solution, which is the preferred, could be for the Shire to reassess the density coding of the subject site and "down code" from R30 to R17.5 or R20 as part of the Local Planning Scheme review. This would preclude further subdivision of the lots but more importantly prevent the potential for battle-axe lots being created.

Shire of Irwin Local Planning Scheme No 5

Clause 5.25 of the Scheme sets provisions relating to the "Residential" Zone. In respect to residential subdivisions, Clause 5.25.2 stipulates that the Shire may prepare or require preparation of a structure plan for subdivision within the Residential Zone.

Shire of Irwin Local Planning Strategy 2017

The Strategy identifies the subject site to be contained within Policy Area B (the area for the Dongara and Port Denison townsites) and is identified to be supported for "Urban/Residential (higher density)".

Dongara-Port Denison District Structure Plan 2014

The Dongara-Port Denison District Structure Plan sets a framework for development and growth for the townsite locality at a broad level. The subject land is located within the larger St Dominics precinct supported for higher density urban/residential development. This higher density is stated to be R30.

Officer Recommendation:

RECOMMENDED:

That Council:

- 1. Advise the Western Australian Planning Commission (WAPC) that the subdivision of Lots 5-16, 150 & 210 Blenheim Road and Lot 61-62 Point Leander Drive, Port Denison is supported, subject to the following modifications:**
 - a) The proposed road intersecting with Blenheim Road be removed and amended to connect with Cuff Way. Should this be supported by WAPC, the model condition (as per 2f below) restricting access would then be applicable for lots backing on to Blenheim Road with alternative access from the new subdivision road.**
 - b) Access restrictions be imposed and clearly identified for proposed Lots 1-3 with the intent to minimise the number of crossovers and extend crossover access as far from the roundabout as practicable. Model conditions (in addition to 2f below) associated with this arrangement would then be applicable.**
- 2. Advise the WAPC of the following local government responsible conditions recommended for the subdivision of Lots 5-16, 150 & 210 Blenheim Road and Lots 61-62 Point Leander Drive, Port Denison:**
 - a) The land being filled, stabilised, drained and/or graded as required to ensure that:**
 - i) Lots can accommodate their intended development;**
 - ii) Finished ground levels at the boundaries of the lots the subject of this approval match or otherwise coordinate with the existing and/or proposed finished ground levels of the land abutting; and**
 - iii) Stormwater is contained on-site, or appropriately treated and connected to the local drainage system.**
 - b) Engineering drawings and specifications are to be submitted and approved, and subdivisional works undertaken in accordance with the approved plan of subdivision, engineering drawings and specifications to ensure that:**
 - i) Street lighting is installed on the new subdivisional road to the standards of the relevant licensed service provider;**
 - ii) Roads that have been designed to connect with existing or proposed roads abutting the subject land are coordinated so the road reserve location and width connect seamlessly; and**
 - iii) Temporary turning areas are provided to those subdivisional roads that are subject to future extension.**

to the satisfaction of the WAPC.
 - c) Point Leander Drive being widened in accordance with the Shire's Local Planning Scheme No.5 maps reflecting the road reservation by the landowner transferring the land required to the Crown free of cost for the purpose of widening Point Leander Drive.**
 - d) Suitable arrangements being made with the local government for the provision of vehicular crossovers to service the lots shown on the approved plan of subdivision.**
 - e) Pursuant to Section 150 of the *Planning and Development Act 2005* and Division 3 of the *Planning and Development Regulations 2009* a covenant preventing vehicular access onto Point Leander Drive being lodged on the certificate of title of proposed lot 1 at the full expense of the landowner/applicant. The covenant is to prevent access for safety reasons, in accordance with the subdivision plan and the covenant is to specify:
"No vehicular access is permitted to and from Point Leander Drive".**
 - f) Pursuant to Section 150 of the *Planning and Development Act 2005* and Division 3 of the *Planning and Development Regulations 2009* a covenant preventing vehicular access onto Blenheim Road being lodged on the certificate of titles of proposed lots 4 & 11 at the**

**full expense of the landowner/applicant. The covenant is to prevent access for safety reasons, in accordance with the subdivision plan and the covenant is to specify:
*“No vehicular access is permitted to and from Blenheim Road”.***

3. Recommend the WAPC advise the Applicant that without the preparation of a Local Development Plan to coordinate further infill subdivision of the site, the Shire will investigate the rezoning of the site from R30 to R17.5 as part of the Local Planning Scheme No. 5 review.
