### **4. PUBLIC QUESTION TIME**

Robert McTaggart, Point Leander Drive, Port Denison:

Question: Would Council consider allocating a portion of the \$501,000 from Phase 3 of the Roads & Community Infrastructure Grants to replace the asbestos fence at the Denison Bowling and Recreation Club?

Response: Council have until June 2023 to allocate the \$501,000. LGIS have recently completed an asbestos risk assessment of the fence at the Denison Bowling and Recreation Club, the report found the fence to be considered a low-risk asset. LGIS will be completing more assessments in the near future, the Shire has requested the fence be reassessed.

Question: Why was there such urgency for the asbestos discovered at the Drive In to be removed?

Response: The asbestos identified at the Drive In was broken into pieces, exposed and a spread across an area that children frequently played in.

Barbara Smith, Fletcher Street, Port Denison:

Question: I visited the Shire Administration Office in March requesting a footpath for Fletcher Street be considered. Fletcher Street is used as a shortcut by vehicles between Carnarvon Street and George Street, the majority of residents are aged 60 and over, the large volume of vehicles makes it dangerous to walk on the road. Why has it taken until November to get a response?

Response: The question was taken on notice.

**Report Purpose:**

To consider and receive the Monthly Financial Statements for the period 1 July 2021 to 31 October 2021.

**Background:**

The Monthly Financial Statements to 30 June 2022 are prepared in accordance with the requirements of the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996* and includes the following statutory reports:

- Statement of Financial Activity by Nature & Type
- Explanation of Material Variances
- Net Current Funding Position

The Statements also include various other financial information not required by legislation, but for Council information.

**Officer's Comment:**

The financial position to the end of October 2021 is detailed in the attached report and summarised as follows relative to year to date budget expectations:

31/10/2021	YTD Budget	YTD Actual	Variance YTD to Budget
Operating Revenue	7,089,988	7,143,302	1%

**Council Role:**

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive** The substantial direction setting and oversight role of the Council e.g. performance of the Local Government's function under law, administration of Local Laws, adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

**Report Purpose:**

For Council to consider amending policy CP41 Financial Hardship for a Declared State of Emergency.

**Background:**

In June 2020, local governments were requested by the WA Premier and Minister for Local Government to consider developing a policy to support communities in meeting the unprecedented challenges arising from the COVID-19 pandemic. The *Local Government (COVID-19 Response) Order 2020* was implemented and as a result, Council adopted Policy CP41 Financial Hardship for a Declared State of Emergency at the July 2020 Ordinary Council Meeting.

On 1 July 2021, the Local Government (COVID-19 Response) Amendment Order 2021 was issued to extend the Order to 2021-22 for local governments to continue to provide support to the community through the financial hardship policy.

In October 2021, the Officer of Auditor General (OAG) conducted performance audits of all WA local governments and examined the financial hardship support they had in place for ratepayers. A report on these findings was prepared and submitted to Parliament under provisions of section 25 of the *Auditor General Act 2006*.

**Officer's Comment:**

The report from the OAG findings was then distributed to all local governments. It was recommended that LG entities ensure they:

1. Have a current Council-approved financial hardship policy that, if they want to charge the higher threshold of instalment interest, covers 2021-22 rates and
2. Actively promote the policy to their ratepayers and make the policy and application form publicly available

As a result of this report, the Shire has reviewed CP41 and made suggested amendments relating to the timing of its enforcement. This is to ensure that the Shire has a relevant policy in place to continue

to support the whole community in a fair, equitable, consistent and dignified manner while treating all members of the community with respect and understanding.

Once the amended policy has been adopted, the Shire will promote the policy and application form on the Shire of Irwin website.

**Consultation:**

WA Local Government Association (WALGA)  
Office of the Auditor General for Western Australia

**Statutory Environment:**

*Local Government (COVID-19 Response) Order 2020*

**Policy Implications:**

Once adopted, the Shire will have a Financial Hardship Policy in place relevant to the 2021/22 financial year. This process will then be undertaken as part of budget preparations each year, if required.

**Financial/Resource Implications:**

This will impact on the 2021/2022 financial year. The amount will depend on how many people are assessed as suffering from financial hardship and the amount of penalty interest that is waived. This variant has been taken into account during the preparation of the 2021/2022 budget. This will be monitored throughout the year and captured as part of the annual budget review process.

**Report Purpose:**

For Council to consider appointing two (2) community members to the Community Assistance Scheme and Events (CASE) committee.

**Background:**

The role of the CASE committee is to administer, assist and evaluate the distribution of the Community Assistance Scheme funding within budgetary guidelines approved annually by Council. The Committee will assess applications received against the selection criteria before submitting the committee recommendation to Council.

The CASE committee also discuss and provide recommendations to event organisers to stimulate and encourage projects, events or activities to meet the needs of the community and offer the best opportunity to provide economic benefits and potential to market Dongara and Port Denison outside the Shire.

The CASE Committee Terms of Reference for Community Members, last amended 26 October 2021, states that the CASE committee will consist of up to five members and that membership will be:

- A/Manager Corporate Community;
- 2 x Elected Members; and
- 2 x Community Members.

At the October 2021 Ordinary Council Meeting, Cr Palmer and Cr Tunbridge were appointed as CASE committee delegates.

The Community Development Officer then advertised for Expressions Of Interest (EOI) to fill the committee positions held by community members. Two (2) EOI's from were received, these two (2) candidates are now being presented to Council for review.

The candidates are:

- Ms Ann Heitman (re-nominated)
- Ms Judy Smith (new)

**Officer’s Comment:**

To ensure transparency, the candidates have been presented to Council to consider and appoint. Given the quality and suitability of the expressions of interest received and given that only two expressions of interest were received, it is recommended that these community member vacancies be filled unopposed.

**Report Purpose:**

For Council to consider and set Ordinary Council Meeting dates for 2022.

**Background:**

As per Regulation 12 of the *Local Government (Administration) Regulations 1996*, Council is required to set the meeting dates for the next 12 months and make them available to the local public.

In the past, Council has held Ordinary Council Meetings on the fourth Tuesday of each month except for January and December. In 2021, there was no Ordinary Council Meeting scheduled for January.

**Officer's Comment:**

It is recommended to hold Ordinary Council Meetings for 2022 on the fourth Tuesday of each month, except in January and December.

As per last year's schedule, it is recommended that there be no Ordinary Council Meeting in January 2022.

The December 2022 Ordinary Meeting is recommended to be held on the second Tuesday in December to allow staff sufficient time to take appropriate action in regard to any Council decisions and prepare the minutes.

The approval of accounts for payment and financial statements normally provided in January would be scheduled for consideration at the February 2022 meeting. With regards to the presentation of statements of financial activity to Council, Regulation 34 of the *Local Government (Financial Management) Regulations 1996*, provides the following:

- (4) *A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be —*
  - (a) *presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and*

(b) *recorded in the minutes of the meeting at which it is presented.*

To improve community engagement whilst maximising knowledge and information sharing, it is proposed to continue with the existing format for monthly meetings of Council – Agenda Briefing, Councillor Information Session (open to the public), Ordinary Council Meeting and Councillor Discussion Session (closed to the public).

**Consultation:**

Staff were consulted internally with regards to any events or potential risks that may affect any of the proposed dates, however none were identified.

**Report Purpose:**

For Council to consider the proposed outbuilding at Lot 218 (#4) Dominican Close, Port Denison.

**Background:**

The Shire received a Development Application for an outbuilding at Lot 218 (#4) Dominican Close, Port Denison on 28 September 2021.

The subject property is 716sqm within the Residential R12.5 zone. A dwelling has recently been granted Development Approval on the property.

The owner is seeking approval for an outbuilding at their property with the summarised characteristics:

- 70sqm floor area
- 2.7m wall height
- 4.2m ridge height
- 1m side setback
- 1m rear setback

The proposal required a Development Application due to exceedance to the maximum floor area, and maximum wall height of the Residential Design Codes of WA (R-Codes).

The owner originally proposed an outbuilding with a wall height at 3m.

**Officer’s Comment:**

An assessment summary in respect to Clause 5.4.3 of the R-Codes has been tabled below, with additional comments to the relevant criteria further below:

Development Criteria	Prescribed	Proposed	Complies with Deemed to Comply – Yes/No
Maximum Floor Area	60sqm	70sqm	No
Maximum Wall Height	2.4m	2.7m	No
Maximum Ridge Height	4.2m	4.2m	Yes
Setback minimum – front	7.5m	7.5m	Yes
Setback minimum – rear	1m	1m	Yes
Setback minimum – side	1m	1m	Yes
Minimum Open Space Area	55% (393sqm)	Approx. 415sqm	Yes

Maximum Floor Area

The applicant seeks a minor exceedance to the maximum prescribed floor area. In respect to the Design Principle for outbuildings, the 10sqm increase in floor area is minor and it is considered this variation would not detract from the streetscape amenity or result in visual amenity impacts on neighbouring properties. The size configuration is not too dissimilar to a standard 6x10m domestic outbuilding that is within the prescribed floor area requirement.

Building Height

The applicant seeks to raise the wall height up to 2.7m. The application initially submitted proposed an outbuilding with a 3m wall height however this was reduced to 2.7m to be more in line with the Shire’s position for support of outbuildings in residential areas.

The minor increase in wall height is considerable to meet the Design Principle for outbuildings, whereby it is not considered it will have a visual amenity impact on the streetscape or neighbouring properties. Comments are provided below in response to the objection received.

Consultation response

The neighbour consultation was carried out for opportunity to comment on the proposal and 2 written submissions were received; one in support and one objection.

The objection received covers a few aspects related to the R-Codes however it is considered these either can be addressed through the standard approval conditions or are not an actual impact when referring to the R-Codes Guidelines. Furthermore, it is worth noting that the assessment is only focusing on the additional 10sqm and additional wall height variations.

- *The outbuilding would have a significant visual impact on their property as that side is their entire outdoor living space.*

The proposed outbuilding meets the minimum setbacks and is well separated from neighbouring dwellings and formal outdoor living areas (approximately 8m separation). It is common and preferred for outbuildings to be located to the rear of residential properties. The outbuilding is not considered to be

excessive in floor area and it is not raised excessively to surrounding land that would contribute to undesirable bulk and visual impact beyond that of an outbuilding that meets the Deemed to Comply (DTC) provisions of the R-Codes.

- *The outbuilding would result in overshadowing the outdoor area and affecting direct winter sun.*

Clause 5.4.2 of the R-Codes provides for the assessment criteria of overshadowing. For R12.5 lots, development is permitted to cast a shadow (determined as of 21 June) up to 25% of the site area of the adjoining property and meet the DTC provision. When assessing the length of the shadow cast it is influenced by the sun's vertical angle and is cast from the north, therefore casting a shadow directly south of the development/structure. Following the assessment criteria of the R-Codes, the shadow from the outbuilding would be cast south wholly within the subject property and therefore the overshadowing provision is compliant.

- *The oversized outbuilding has 8 double windows and one ½ sliding door indicating it would more likely be used as an industrial workshop or for habitation. This would have a significant impact on my living (indoors and out) in terms of noise pollution.*

The applicant has indicated there is no intention to use the outbuilding for industrial or habitable purposes. The inclusion of windows may offer a more presentable outbuilding in a residential setting in comparison to an outbuilding with solid walls. The outbuilding design is considered to represent a domestic outbuilding.

A standard condition of outbuilding approvals reaffirms the permitted use, being incidental to the residential use of the land, and that the use is not to cause any nuisances such as noise. This has been included with the Officer's Recommendation.

- *The plans indicate guttering doesn't contain water runoff of the 70sqm roof space. Given our seasonal storms with significant rainfall in short timeframes, the overflow would likely have a negative impact on my property.*

The site plan shows stormwater collection (blue dotted line) from the outbuilding directed to on site soakwells at the front of the property. The stormwater catchment calculation on the site plan also takes into account impervious surfaces such as the paved/concrete areas which are levelled to fall to the front of the property.

A standard condition of outbuilding approvals is for stormwater to be appropriately retained on site. This is addressed further at the building permit stage to ensure stormwater is catered for.

### Concluding Statement

The assessment of the minor variations proposed and objection comments received indicate that the outbuilding would not conflict with the Design Principle for outbuildings. The visual amenity on neighbouring properties has been reviewed and the concerns adequately addressed.

It is recommended the outbuilding be approved.

### **Consultation:**

The application was referred to adjoining landowners in accordance with the R-Codes. Two submissions were received: one in support of the proposal and one objecting to the proposal.

The objection raised the following concerns:

- The outbuilding would have a significant visual impact on their property as that side is their entire outdoor living space.
- The outbuilding would result in overshadowing the outdoor area and affecting direct winter sun.
- The 25sqm NE corner behind the outbuilding with minimal access becoming a dumping area that will attract rodents and snakes.
- The oversized outbuilding has 8 double windows and one ½ sliding door indicating it would more likely be used as an industrial workshop or for habitation. This would have a significant impact on my living (indoors and out) in terms of noise pollution.

- The plans indicate guttering doesn't contain water runoff of the 70sqm roof space. Given our seasonal storms with significant rainfall in short timeframes, the overflow would likely have a negative impact on my property.

The Officer's response to the submission received is contained above in the "Comments" section.

**Statutory Environment:**

Shire of Irwin Local Planning Scheme No 5

Outbuildings in the Shire are subject to Clause 5.18. The Development Requirements specific to outbuildings in the Residential zone is "as per the Residential Design Codes".

State Planning Policy 7.3 Residential Design Codes (R-Codes)

Clause 5.4.3 of the R-Codes prescribes the development criteria for outbuildings in residential areas that are subject to an R-Code (i.e. R2.5 or R12.5). A Development Application is required where a proposal does not meet the Deemed to Comply criteria. Where this is the case, the proposal is then assessed against the relevant Design Principle to determine its suitability. Part 2 of the R-Codes covers this application and assessment process.

**Report Purpose:**

For Council to consider amending a condition relating to the overall ridge height of the proposed outbuilding at Lot 206 (#3) Cardwell Gardens, Dongara that was determined by Council at its October 2021 Ordinary Council Meeting (Decision 121021).

**Background:**

The Shire received a Development Application on 17 August 2021 for a dwelling and outbuilding at Lot 206 (#3) Cardwell Gardens, Dongara. The subject property (outlined red below) is 2,007sqm in area and located within the Special Residential zone.

The owner is seeking to construct an outbuilding at their property with the summarised characteristics:

- 90sqm floor area
- Finished floor level raised 0.1m
- 4m wall height
- 5.21m ridge height
- 1.5m rear setback
- 1.5m side setback

Development Approval is required for all development in the Special Residential zone. The owner proposes an outbuilding that exceeds the maximum floor area and minimum boundary setbacks prescribed by the Shire's Local Planning Scheme. There are no prescribed maximum wall and ridge heights for outbuildings outside of the Residential (R-Code) zone.

Council granted Development Approval for the outbuilding at its October 2021 Ordinary Council Meeting (Decision 121021) subject to the ridge height being reduced to 4.8m based on the Officer's Recommendation. New information has come to light from the landowner and shed company that has led to Council's reconsideration on the ridge height being sought.

**Officer's Comment:**

Following Council's determination being sent to the landowner, the Shire was in contact with the landowner to progress the building permit application. It was at this stage where the landowner was in contact with the shed company NuSteel that the Shire was notified the reduced ridge height would be problematic and a costly adjustment.

NuSteel advised the Shire that in March 2021 they investigated sheds in the Moreton Bay Estate to determine the appropriate size and height shed. It was at this time in March that NuSteel ordered shed materials to match a 5.21m ridge height which was generally consistent with existing sheds. The Shire did not receive an application for the shed until August 2021.

Since approximately June 2021, in the absence of policy guidance, the Shire has consolidated the planning provisions for sheds that would be supported above the requirements of the Local Planning

Scheme. Since this time all new applicants have been advised of this and the process for applications being presented to Council.

In this particular case, it is apparent that there was genuine intention to comply with Shire requirements and the timing of this inconveniently overlapped with the change in assessment of residential outbuildings. Based on the circumstances of this situation, it is recommended that the additional ridge height originally sought can be accommodated.

**Consultation:**

Adjoining/nearby landowners

The proposal was advertised to adjoining and nearby landowners in accordance with Clause 9.4.3(a) of the Scheme. This resulted in referral letters to neighbouring properties being sent with a 14 day comment period provided.

One submission was received in support of the proposal but also noting concerns of overflow from the water tank from the shed.

**Statutory Environment:**

Planning and Development (Local Planning Schemes) Regulations 2015

Clause 77 of Schedule 2 of the Deemed Provisions provides for the amendment of cancellation of a development approval

*77. Amending or cancelling development approval*

*(1) An owner of land in respect of which development approval has been granted by the local government may make an application to the local government requesting the local government to do any or all of the following —*

*(a) to amend the approval so as to extend the period within which any development approved must be substantially commenced;*

*(b) to amend or delete any condition to which the approval is subject;*

*(c) to amend an aspect of the development approved which, if amended, would not substantially change the development approved;*

*(d) to cancel the approval.*

*(2) An application under subclause (1) —*

*(a) is to be made in accordance with the requirements in Part 8 and dealt with under this Part as if it were an application for development approval; and*

*(b) may be made during or after the period within which the development approved must be substantially commenced.*

*(3) Despite subclause (2), the local government may waive or vary a requirement in Part 8 or this Part in respect of an application if the local government is satisfied that the application relates to a minor amendment to the development approval.*

*(4) The local government may determine an application made under subclause (1) by —*

*(a) approving the application without conditions; or*

*(b) approving the application with conditions; or*

*(c) refusing the application.*

Shire of Irwin Local Planning Scheme No. 5

The subject property is within the Special Residential zone. The objective of the zone is:

*“To provide a low density residential living and working environment in which development and land use is of a type and location compatible with the overall amenity of the area.”*

An outbuilding is defined in the Scheme as:

*“means a detached enclosed non-habitable structure, including garages, storage sheds, studios, games rooms and patios, but nor carports, pergolas or structures that are connected to or form part of the main*

*building (except with the Residential zone, where the Residential Design Codes’ definition for Outbuilding prevails).”*

Outbuildings in the Shire are subject to Clause 5.18 of the Scheme. The Scheme sets a maximum outbuilding floor area for the Special Residential zone at 80sqm and provides an overarching general provision for outbuildings in all zones:

*Clause 5.18 Outbuildings*

*The local government may approve Outbuildings consistent with the following development requirements. Outbuildings that are deemed to conflict or exceed the development requirements require planning approval and may be required to be advertised in accordance with Clause 9.4.*

<b>Zone</b>	<b>Development Requirements for Outbuildings</b>
All relevant zones	The location, design, external colour and appearance, scale and bulk of the Outbuilding shall not have adverse amenity impacts on adjoining properties or the area when viewed from public roads.
