Barry Wyse

I am asking you to consider me for your vote in the election. During the past 4 years I have been a driving force behind giving the public more transparency in how the council operates. We have delivered some major infrastructure changes to improve our town including the Port Denison foreshore, Medical Centre and Moreton Terrace upgrade and I will continue to support future infrastructure that will benefit our shire. I will also continue to support our road maintenance program in the rural sector of the shire. I will endeavour to remain as someone who will listen, to give you a voice and who will always work for the best interest of the rate payer and the Irwin Shire community.
