## **TUNBRIDGE, Elyce**

I've called Dongara home now for over 28 years. Although being raised right here in the Midwest I have lived and worked interstate and internationally, bringing with me a range of experiences and transferable skills as my repertoire. I have a background in health care and education, recently making a shift towards tourism in order to combine my passions with the aim of benefiting my town and region. With all of the progress and potential here, I think it is an exciting time to live in Dongara and the Midwest. By representing the broader population and through exercising integrity, accountability and a growth mindset, I am excited to contribute positively towards the development of our community.
