SCOTT, Isabelle

I have been a resident of the Shire of Irwin since 2008. As a former electorate officer of 17 years, I demonstrate a strong knowledge of government at all levels. I also trained councillors for WALGA from 2004-2008.

I was elected to Council in 2017 and am seeking re-election.

I am passionate about the ongoing development of a sustainable Shire, balancing project development and growth with prudent financial management. This includes a focus on the renewal of our local road network, the development and beautification of our ocean and river foreshores, the potential for a pedestrian connection between our twin towns and improved service delivery.

The economic development of the Shire is integral to its future sustainability, my aim as a councillor is to facilitate the very best outcomes.
