Registration:		MTOW (kg):	
Aircraft Type:		Max. Tyre pressure (kPa):	
Aircraft Classification Number (ACN):			

PART C – Movement Details			
From Date:		To Date:	
Number of movements:			
Nature of movements:			

Terms and Conditions:

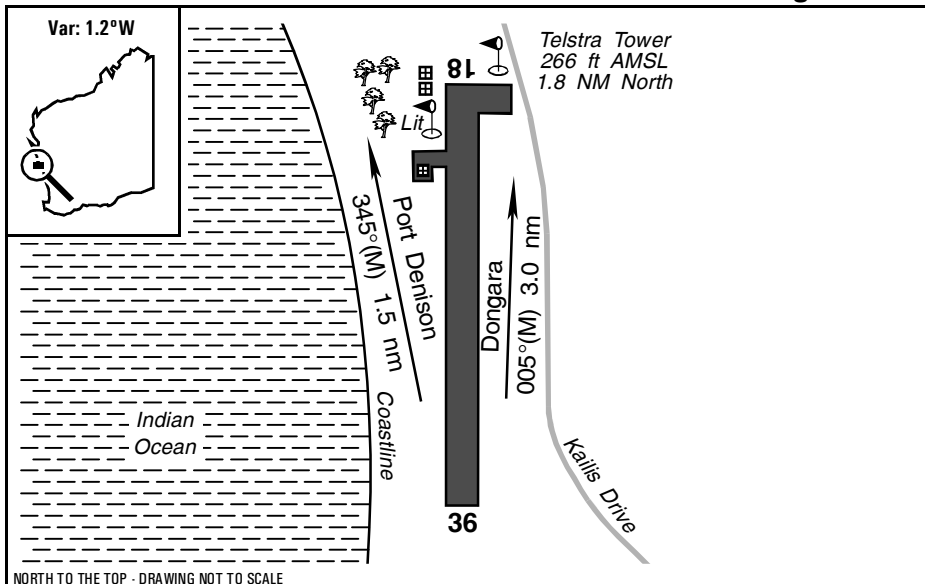

1. The aircraft operator is responsible for checking and maintaining compliance with the procedures laid out for the airstrip as published in the appropriate aeronautical documents;
2. The aircraft operator is responsible for ensuring aircraft wing tip and control surface clearance with all airstrip structures prior to exiting the runway strip environment;
3. The airstrip operator does not accept any liability for any damage to the aircraft or its occupants that may result from the above started aircraft(s) exceeding pavement ratings published in AIP;
4. The airstrip operator may withdraw approval instantaneously following damage deemed to have been caused by the aircraft exceeding pavement strength limitations.

This pavement concession is valid only for the operation(s) and time frame specified above and shall not be varied or extended without the authority of the Shire of Irwin. It may be withdrawn at any time on short notice should significant pavement damage occur or at the discretion of the Shire of Irwin.
