3. RESPONSE TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

Public question asked at the 5 March Special Council Meeting

Pamela Hewer – Seahorse Loop, Port Denison: If the Shire goes ahead with the purchase, what legality is there around ratepayers choosing not to pay the rate increase specifically for the medical centre?

Response: As explained at the community consultation sessions, the Shire would prefer to separate the charge for the medical centre on the rates notice, but legally cannot. Therefore, any increase in rates for the medical centre, should there be one, would be part of the overall charge on land as per the *Rates and Charges (Rebates and Deferments) Act 1992* and the normal legal requirements for residents to pay their rates as stated on the rates notice applies. Standard penalties would apply for residents not paying, or paying in part, their rates.

Public question asked at the 24 March Ordinary Council Meeting

J Rossiter: Who designed these Council Chambers, what qualifications did they have and how much were they paid?

Response: The design was done by a Shire working group with the final drawings completed by both David O'Meara and Nordic Builders (BR 12483) and were certified by Structerre Consulting Engineers. David O'Meara was paid \$4,059, Nordic Builders were paid \$2,129 and Structerre Consulting Engineers were paid \$1,375.

4. PUBLIC QUESTION TIME

The proposed procedure for the conduct of public question time at electronic council meetings (eMeetings) is in response to the change to the Local Government (Administration) Regulations 1996, regulations 14C and 14D in relation to meetings held by electronic means in a public or state emergency. The Shire's previously established procedure in relation to public questions remains in place with responses provided to the questioner prior to the release of the unconfirmed minutes, in which the response will also be published. Questions are to be submitted by 12pm the day before the Council eMeeting. This procedure will apply to all future Council eMeetings until the currently declared public health emergency declared under section 167 of the Public Health Act 2016 (and as extended by decision of the Minister for Health) ceases to be in effect.

OFFICER RECOMMENDATION:

That Council adopt the following procedure for the conduct of Public Question Time during all electronic Council Meetings (eMeetings) for the currently declared public health emergency for COVID-19, declared by the Minister for Health under section 167 of the *Public Health Act 2016*:

- 1. Public Questions to be submitted in writing by no later than 12pm on the day prior to the Ordinary Council eMeeting;**
- 2. Public Questions to be read by the Presiding Member at the eMeeting and either answered or taken on notice;**
- 3. The questioner is to receive a response prior to the release of the unconfirmed minutes of the eMeeting.**

Report Purpose:

To consider the rate base for the formation of the 2020-2021 Annual Budget.

Background:

In light of the current COVID-19 pandemic and declared state of emergency that Council consider requesting the Chief Executive Officer to develop the financial budget for the year 2020-2021 based on a nil increase in the rate in the dollar for all rating categories within the Shire of Irwin as well as a nil increase in Fees and Charges.

Officer's Comment:

To further our commitment to support the whole community to meet the unprecedented challenges arising from the COVID-19 pandemic, the Shire of Irwin recognises that these challenges will result in financial hardship for Shire of Irwin ratepayers. It is therefore proposed that there is no increase in the rate in the dollar for any of the rating categories within the Shire of Irwin in the 2020-2021 Annual Budget.

It is proposed that fees and charges will also remain at the level at which they are currently set.

The economic impacts of COVID-19 will require the Shire of Irwin to review and reprioritise Strategic Community Plan objectives and reprioritise and rationalise budgets to ensure essential services are maintained.

Report Purpose:

For Council to:

- Receive and note the submissions made regarding the advertising for the proposed major land transaction to acquire the Dongara Medical Centre at 290 Point Leander Drive, Dongara
- Accept compliance with Section 6.20 Power to Borrow of the *Local Government Act 1995*
- Authorise the Chief Executive Officer to complete the loan application for the Dongara Medical Centre and execute the contract for the sale by offer and acceptance subject to approved finance.

Background:

Council previously resolved at the 5 March 2020 Special Council Meeting to support the Shire acquiring the Dongara Medical Centre at 290 Point Leander Drive, Dongara. To meet statutory requirements to proceed with the acquisition, the Shire in compliance with the Local Government Act 1995, executed the following:

- Local public notice for one month under Section 6.20 (2) (a) of the *Local Government Act 1995*.
- In accordance with Section 3.59 of the *Local Government Act 1995* for a major land transaction:
 - Gave statewide public notice for a period of 6 weeks of its proposal to enter into a major land transaction;
 - Prepared a business plan and made it available during this period;
 - Received one (1) public submission about the proposed transaction at the time this report was prepared. Should any new submissions be received by 28 April 2020, these will be presented to Council at the 29 April 2020 Ordinary Council eMeeting for consideration.

Officer's Comment:

The Shire has met all of its statutory obligations to proceed with the acquisition of the Dongara Medical Centre for \$1,450,000 using a WA Treasury Corporation loan over a 20 year period.

The COVID-19 pandemic has not only underscored the importance of this facility within the community during this health crisis, but it has also introduced a new set of decision-making parameters. The minutes from the Special State Council Meeting held 27 March 2020 (Attachment 5) specifically requests that Local Governments consider the following actions, for those with the capacity to do so, to provide a coordinated and consistent response to the COVID-19 pandemic:

- Consider not increasing rates for the 2020-21 financial year
- Bring forward capital works and infrastructure spending with aggressive application of reserves and borrowing

Whilst there is still value in writing to the Minister and lobbying the necessary agencies for approval to charge a flat fee in the notice of rates to negate the need for the percentage rate increase, at this stage during the COVID-19 pandemic, no rate increase will be associated with this acquisition.

During the COVID-19 pandemic, neither corporate contributions or the sale of Shire-owned Kennedy Heights properties are likely to generate revenue to offset the loan.

It is proposed that the Shire does not generate funds from a rate rise to cover either the loan repayments or operating cost expenditure, but uses own-source funding less any pathology rent, WACHS rent and the Federal Assistance Grant component for the provision of medical services.

The Shire will regularly monitor the profitability of the operation and advise Council of any shortfall and the appropriate corrective actions. The costs associated with the corrective actions could be significant.

Consultation:

In accordance with Sections 3.59 and 6.20 of the *Local Government Act 1995*, the Shire advertised the proposed acquisition of the medical centre as per Attachment 2 – Public Advertisement of Proposal to Borrow and Attachment 4 – Public Advertisement of the intention to enter into a Major Land Transaction.

The Act requires a minimum period of one (1) month's local public notice for the proposal to borrow and a minimum of six (6) weeks statewide public notice for the intention to enter into a major land transaction. The Shire advertised the proposal for a period of 44 days – from 14 March to 28 April 2020 – for the major land transaction and for a period of 40 days – from 18 March to 28 April 2020 – for the proposal to borrow.

The Shire advertised in the following publications for the proposal to borrow:

- Dongara Denison Local Rag - 11 March 2020 edition;
- The Midwest Times - 18 March 2020 (Attachment 2)

The Shire advertised in the following publication for the major land transaction:

- The West Australian Newspaper – Saturday 14 March 2020 (Attachment 4)

A total of five (5) submissions have been received. The submissions have been tabled in the Schedule of Submissions (Attachment 3). It is recommended that Council note and receive the public submissions regarding the Shire acquiring the Dongara Medical Centre.

Report Purpose:

For Council to support the advertisement of the draft Local Heritage Survey (formerly known as the Municipal Inventory of Heritage Places) and the draft Scheme Heritage List.

Background:

In early 2016 the Shire commenced the review of the existing Municipal Heritage Inventory. Tanya Henkel was appointed as the heritage consultant for the project. The Shire’s Municipal Heritage Inventory was last reviewed in 2004.

Heritage Act and Local Heritage Surveys

The *Heritage of Western Australia Act 1990* required all local governments in Western Australia to compile, periodically update and review a Municipal Heritage Inventory (MHI). The MHI is to include a detailed list of all properties considered of significant heritage value, and includes a management category which ranks each property/place in accordance with their level of heritage significance. This usually ranges from Category (A or 1) to (E or 5-7) with Category (A or 1) being the most significant and includes State Heritage Listed properties.

In September 2018 the *Heritage Act of Western Australia 1990* was replaced by the new *Heritage Act 2018*. Under the new Act reference to MHI has been replaced by the term Local Heritage Survey (LHS). In accordance with the new Act, and similar to the previous *Heritage Act of Western Australia 1990*, Local Governments are required to prepare a LHS that captures places that are of cultural heritage significance in the Local Government area.

The *Heritage Act 2018* (The Act) references new guidelines which support the preparation of LHS for a district. Similar to the previous guidelines for the preparation of a MHI, the new LHS are to include the following:

- Criteria for the inclusion of places in the survey;
- Assessment process;
- Process for consultation with interested parties and with the public;
- Process for reviewing and updating the survey, and the frequency of review;

- Processes and mechanisms for making surveys available for the public; and
- Any other matter the Council considers appropriate.

Other changes under The Act and new guidelines are as follows:

- New name – Local Heritage Survey instead of Municipal Heritage Inventory;
- Level of significance - the definitions of each management category remains fundamentally unchanged; however, classifications have been simplified to numbers 1-5 (1 – Exceptional Significance, 2 – Considerable Significance, 3 – Moderate Significance, 4 – Little Significance/Historic, 5 - Archive);
- Date of Survey - the statement on the condition of a place should note the date of the survey on which the information is based; and
- Primary Local Government and Titles - the local government and title information have been included in each Place Record.

Scheme Heritage List

The need for a Local Government to establish a “Heritage List” is separate to the LHS. The intent is to ensure that more significant heritage places identified by the Local Government are afforded additional protection through the *Planning and Development Act 2005* and Local Planning Schemes. Through the establishment of a “Heritage List” via “Deemed Provisions” and its relationship with the Shire’s Local Planning Scheme No.5, places contained within the Heritage List are afforded expanded statutory requirements which include the following:

- Requirement for a development application for the demolition of a building(s) on a heritage listed place;
- The lodgement of a development application for single houses that are heritage listed; and
- Through Section 13 of the “Deemed Provisions” - grant Local Government the authority to protect the further deterioration of heritage listed buildings by issue of a Conservation Notice.

Because of the more expansive statutory provisions associated with places listed on a “Heritage List”, the places that usually constitute a Local Government “Heritage List” are places that are afforded greater protection reflecting their significance. Typically, a Local Government “Heritage List” includes all heritage places on a LHS that are Management Category (1) (Exceptional Significance), which are often State Heritage Places, and in some cases Category (2) (Considerable Significance) places.

Officer’s Comment:

The Heritage Consultant, conducted a very thorough review from 2016 to 2019 of the Shire’s existing Municipal Heritage Inventory. In summary the review involved:

- Re-assessment of all 135 existing heritage places;
- Revising the document to align with the changes within the *Heritage Act 2018* and Heritage Regulations 2019;
- Coordinating site visits with landowners to photograph and update details contained in each place record, such as ownership, condition assessment, land/building use, recommended new management categories etc; and
- Addition of one new place (Place Record 136).

On paper it would appear there are significant changes to management categories across most places. These changes are a result of the new management category framework and therefore most places re-categorised have simply been updated to reflect this, and not as a result of increased or diminished heritage significance. The places with recommended management category changes from the 2004 MHI are listed and detailed in the table in Attachment 3.

With regard to the Heritage List, it is proposed to include all Management Category 1 and 2 places for the Local Heritage Survey. As noted above, this will activate the requirement for a development application to be submitted prior to any work being carried out, which will facilitate consideration of heritage matters.

Consultation:

The Heritage Consultant met and liaised with many landowners during the review and update of place records between 2016 and 2019. This transparent process should assist with the statutory public consultation detailed below.

Under the new *Heritage Act 2018*, Local Governments are required to appropriately advertise the LHS to ensure community engagement and feedback is provided. The Heritage Act does not specify the level of engagement required. The draft guidelines for preparing a LHS highlights the need for consultation but also do not specify timeframes for engagement. Accordingly, the timeframe for advertising of the LHS is to be undertaken at the Shire's discretion.

It is proposed to carry out the following consultation methods:

- Two public notices (one on commencement and one mid-way through the period) in the local newspaper;
- Shire website and Facebook media releases;
- Letters direct to landowners of places listed in the LHS and/or Heritage List; and
- Referral to the Heritage Council WA, Department of Planning, Lands and Heritage and the Irwin District Historical Society for feedback and advice.

It is proposed to carry out this consultation over a 42-day period.
