

## Transfer Station - Green Waste Burn Off

The stockpile of green waste at the Transfer Station has reached capacity and requires a scheduled burn off.

DFES, Volunteer Brigade and Shire Officers will be in attendance during the activity.

The burn off will occur sometime in April/May subject to favourable weather conditions. Notice will be given via the Shire's Facebook page 24 hours prior to the event.

As the stack to be burnt is large the Transfer Station could be closed for 48 hours. The Container Deposit Scheme will remain open during the burn (subject to wind direction).
