1. Your Council generally handles all business at Ordinary or Special Council Meetings.
2. From time-to-time Council may form a Committee, Working Party or Steering group to examine specific subjects and then report to Council.
3. Generally, all meetings are open to the public; however, from time-to-time Council will be required to deal with personal, legal and other sensitive matters. On those occasions Council will generally close that part of the meeting to the public. Every endeavour will be made to do this as the last item of business of the meeting.
4. **Public Question Time:** It is a requirement of the Local Government Act 1995 to allow at least fifteen (15) minutes for public question time following the opening and announcements at the beginning of the meeting. Should there be a series of questions the period can be extended at the discretion of the Presiding Member.  - A minimum of 15 minutes is allocated to Public Question Time. A member has 2 minutes to submit a question.

 - The Presiding Member may elect for written questions to be responded to as normal business correspondence.
 - The Presiding member may decide that a question shall not be responded to where:
 - the same or similar question has been asked at a previous meeting and a response has already been provided;
 - a statement has been made and is not reformed into a question; or

 - A question may be taken on notice by Council for a later response. Responses will be provided in writing to the member and a summary will be included in the agenda of the next meeting of Council.
 - Members of the public are encouraged to raise matters relating to operations and administration through the Shire's Customer Request system.
 - At a Special Meeting of Council, only questions relating to the purpose of that meeting may be raised.

The Councillor must leave the meeting whilst the matter is discussed and cannot vote unless those present agree as above.

Report Purpose:

To consider and adopt the annual budget review for the 2022/23 financial year as presented in Attachment Booklet – March 2023.

Background:

Regulation 33A of the *Local Government (Financial Management) Regulations 1996* requires Council to conduct a review of its budget between 1 January and 31 March in each financial year. The Regulation requires that the results be submitted to Council to determine whether to adopt the review and recommendations made. Within 30 days of the review a copy of the review and determination is to be provided to the Department of Local Government, Sport and Cultural Industries.

Officer’s Comment:

The budget review has been prepared to include information required by the *Local Government Act 1995*, *Local Government (Financial Management) Regulations 1996* and *Australian Accounting Standards*. Council adopted a 10% and \$10,000 variance level for the reporting of material variances to be used in the statements of financial activity and the annual budget review.

- This report provides information by nature or type and is based on the eight-month period from 1 July 2022 to 28 February 2023.
- The budget review reflects a view of the position of the Shire of Irwin – projected full year income and expenditure against full year original budget.
- The projected actuals are based on the information provided for each program, with an estimated Net Operating Surplus of \$7,513

Attachment 1 is an explanation of identified major expenditure and revenue variations and a review of the capital program – showing all budgeted items and any variances required. Some of the major achievements in the review include:

- Refurbishment works of seven units at the Village are now completed.

- Roads to Recovery works all completed and Regional Road Group projects on track
- Fleet purchases – Chief Operating Officer vehicle, loader, grader, and spray rig

Some of the significant variances in revenue include:

- Higher interest earnings due to interest rate increases.
- Higher reimbursement operating revenue
- Recognition of the Surf Beach capital grant

Some of the major variances in expenditure include:

- Port Denison Foreshore Sprint expenditure is higher than budget
- Higher than anticipated employee costs due to:
 - recruitment costs
 - unbudgeted termination payments.
 - unbudgeted employee costs for the Leisure centre
 - IT equipment for new employees,
- Increase in plant operating costs (fuel, tyres plus repairs and maintenance)
- Increase in DFES Bushfire funded work expenditure
- Increase in expenditure for Wye Farm Road

Increase in costs were offset by savings in the following areas:

- Cleanaway domestic collection costs
- Recreation maintenance and utility costs
- Recreational Centre outsourcing costs; outsourcing has been deferred to 2023/24
- Infrastructure maintenance costs
- New Wheel Loader – adopted budget was overestimated by \$200k

The following additions to capital expenditure include:

- Rural Roads Supervisor's Vehicle
- Purchase of a Posi-Track
- Recreational centre floor cleaner
- Admin centre office chairs and a desk

The following transfers to and from reserves are proposed:

- \$60,000 - Transfer **from** Leave Entitlement Reserve for leave paid out on termination and payment of long service leave liability for previous employees
- \$25,000 – Transfer interest earned - \$4k to Entitlement Reserve, \$167 to Plant Replacement \$15k to Asset management, \$23 to Sanitation, \$562 to Coastal Management, \$443 Tourism area Promotion, \$48 Recreation Centre Equipment and \$4k to Port Denison Foreshore Development
- \$50,000 – Transfer **to** the Asset Management for Kailas Drive which was transferred twice from the reserve in the 2022/23 adopted budget

Author:	K Sawle, Business Improvement and Governance Officer

Voting Requirements:	Absolute Majority	

Council Role:

- Advocacy** When Council advocates on its own behalf or on behalf of its community to another level of government/body/agency.
- Executive** The substantial direction setting and oversight role of the Council e.g. performance of the Local Government’s function under law, administration of Local Laws, adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.
- Legislative** Includes adopting local laws and local planning schemes.
- Review** When Council reviews decisions made by Officers.
- Quasi-judicial** When Council determines an application/matter that directly affects a person’s rights and interests. The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:

For Council to adopt the amended Planning and Development Delegations, provided as Attachment 1, and allow them to be incorporated into the Delegations Register - Council to CEO (the ‘Register’).

Background:

To delegate is to appoint another person to exercise a power or discharge a duty. A delegation does not strip the person making the delegation of the right to exercise the delegated power or discharge the delegated duty.

At the Ordinary Council Meeting (OCM) on 22 September 2020, the Council adopted the following Delegations¹ (OCM minute 060920 refers):

- CEO900 – Illegal Development
- CEO901 – Waiving or Refunding Planning Application Fee
- CEO902 – Grant a Certificate
- CEO903 – Subdivision Clearances
- CEO905 – Strata Title Applications – Certificates of Approval.

In accordance with section 16.3(e) of the *Planning and Development Act 2005* (the Act), which permits delegation to staff other than just the Chief Executive Officer (CEO), under the above Delegations, delegates are currently listed as the:

- CEO;
- Manager Development; and
- A/Manager Infrastructure and Development.

Of note, section 16(6) the Act prohibits any further sub-delegation.

¹ Noting Delegation CEO904 not affected (in context of this Report) as only CEO currently listed as Delegate and sub-delegation permitted.

Officer’s Comment:

Due to the Shire’s ongoing organisational restructure, which includes the implementation of new roles and the realignment of responsibilities, the position of A/Manager Infrastructure and Development (and the substantive equivalent) no longer exists.

The Shire proposes amending the existing delegations to remove A/Manager Infrastructure and Development from the aforementioned delegations – at **Attachment 1**. Markups within Attachment 1 have been kept to clearly illustrate the proposed changes made.

Section 5.45(b) of the *Local Government Act 1995* requires that any amendment or revocation to Delegations made by the Council to the CEO are done by absolute majority and, accordingly, the Shire seeks Council’s adoption of the amended Delegations in Attachment 1.

Consultation:

The affected Planning and Development Delegations in consultation with relevant staff, the CEO and in line with WALGA’s delegations register template.

Statutory Environment:

Local Government Act 1995

- s5.42 Delegations of some powers and duties to CEO
- s5.43 Limits on delegations to CEO
- s5.46 Register of, and records relevant to, delegations to CEO and employees

Planning and Development Act 2005

- s16(3) Delegation by Commission.

Policy Implications:

Planning and Development Delegations – Council to CEO are associated with the Local Planning Scheme 5 which guides Local Planning Policies. Reference to the relevant Local Planning Policy is made for each delegation.

Financial/Resource Implications:

Nil. Delegations allow for a more streamlined and timely service which is an effective use of Council’s human resources.

The judicial character arises from the obligation to abide by the principles of natural justice e.g. local planning applications, building permits, other permits/licences (e.g. under Health Act, Dog Act or local laws) and other decisions that may be appealable to the State Administrative Tribunal (SAT).

Report Purpose:

A decision of Council is required as part of the legislative process for the application of road names with the decision being provided to the Geographic Names Committee prior to final determination.

Background:

On the 21 August 2020, application number 158668 was received from the Western Australian Planning Commission (WAPC) for the subdivision of Lots 118 & 9001 Loxton Drive into 25 rural small holdings lots.

Figure 1 – Location plan for lots 118 and 9001 Loxton Drive, Bookara

The construction works for part of this subdivision are almost complete with the developer close to lodging an application for the clearance of 6 lots as part of Stage 1. The remaining lots will be cleared as part of further stages which will include the creation of an extension of Stack Road centrally through the lot through to Water Supply Road.

A copy of the subdivision plan prepared by Quantum Surveys has been included with this report as CD01-03/23: Attachment 1 with an extract of the plan provided below.

The applicant/developer now seeks Council’s endorsement of the preferred road names for the proposed roads that are to be constructed as part of the subdivisional works.

Officer’s Comment:

The Geographic Names Committee is a branch of Landgate that provides guidance and approval to the naming of all roads, parks, land features and the like across WA. Historically Local governments had the ability to provide a list of pre-approved road names to the Geographic Names Committee (Landgate) that would be set aside for use within their local government area. This would be the list of road names that a land developer could choose from in order to name new roads being constructed within the local government area through a subdivision process.

The Geographic Names Committee no longer keeps a road reserve list on behalf of local governments, but instead encourages local governments to maintain their own road name register from which land developers can choose from.

The Shire of Irwin does not currently have a reserved list of road names and therefore the application of road names is considered on an as-needs basis for each subdivision proposal.

In relation to the subdivision of Lots 118 & 9001 Loxton Drive the developer/applicant has recommended to Council their preferred road names:

Road Name	Road Types	Justification
Gordon	Road	James Gordon born 01/01/1874 moved to Dongara and Married a local lady name Maryanne (she is related to the Pell's and Nairn's). James served as a mounted policeman based out of Dongara looking after the wider region until being injured in the line of duty after which he retired. James and Maryanne remained in Dongara to raise their family and James worked as a local contractor.
Classon	Drive	Richard Charles Classon (everyone called him Charlie) was the Dongara Post Master for many years. Charlie and his wife Lilian also lived in what is now the Breeze Inn and raised their family.
Stack	Road	Continuation of existing road through to Water Supply Road

Policies and Standards for Geographical Naming in Western Australia

Landgate has produced a guide 'Policies and Standards for Geographical Naming in Western Australia'. The application has been assessed against the provisions of this document with some areas that may be of interest to Council listed below:

Provision	Comment	Compliance
Language and Spelling	Uses single language form Easy to pronounce, spell and write Not discriminatory, derogatory or inappropriate	Compliant
Commemorative Names A commemorative name applied to a road should use the surname of a person posthumously	The preferred names are historical figures of the area. It is an appropriate name to be applied for the Port Denison/Dongara local authority.	Compliant
Ensuring names are not duplicated	There are no duplications within 50km from the proposed roads and it is considered compliant with the Policy. It should be noted that there is a Gordon Garrett Drive in Moonyoonooka and this may be considered too similar by the Geographic Naming Committee. Should Gordon Road be rejected by the Geographic Names Committee, Part 2 of the officers recommendation is to delegate authority to the CEO to liaise with the developer to provide an alternative name for consideration without the need to come back to Council for a decision.	Compliant
Consultation	Any proposal requesting the renaming of an approved name or any new naming proposal considered to be of significance to the immediate or extended community must include evidence of consultation with the community. Local governments must ensure that the level and form of consultation undertaken reflects the significance of the naming proposal. This policy does not apply to the naming of new roads within subdivisions where there are currently no	Compliant

	residents, businesses or ratepayers who will be directly affected. This application does not affect any other landowners directly so no consultation is required.	
Prefixes	The use of the prefix 'Road' and 'Drive' are considered appropriate given the rural and open nature of the proposed roads.	Compliant

Statutory Environment:

The properties are zoned Rural Small Holdings under Shire of Irwin Local Planning Scheme No 5 (the 'Scheme').

Within Western Australia road naming is standardised to facilitate the application of correct address information and to ensure that a consistent approach is undertaken to benefit emergency service responders, transport and service delivery. If established policies for road naming were not applied, the provisions of emergency service responders, utilities and postal deliveries would be compromised.

The legislation and standards that are applied to the naming of roads includes:

- **Land Administration Act 1997**
These policies and standards are provided for under the Land Administration Act 1997, Part 2 – General administration, Division 3 – General; 26. Constitution, etc. of land districts and townsites; 26A Names of roads and areas in new subdivisions.
- **Land Information Authority Regulations 2007**
These policies and standards are also provided for under the Land Information Authority Regulations 2007; 3 – Information prescribed as fundamental land information.
- **Australian/New Zealand Standard AS/NZS 4819:2011 Rural and urban addressing**
All Western Australian rural and urban address allocations are recorded by Landgate is in accordance with AS/NZS 4819:2011.

Under the provisions in the Land Administration Act 1997, the Minister for Lands (the Minister) has the authority for officially naming and unaming roads in Western Australia. Through delegated authority, Landgate acts on the Minister's behalf to undertake the administrative responsibilities, including the development of policies and procedures, required for the formal approval of road names.
